Learners have this option to be able to produce their work more quickly and to further develop, as an extension available for all existing learners to access.

Is this course suitable for me?

This is a one-hour per week 'value added' course for learners who are enrolled on the morning sessions.

Is there anything I need to know about the course?

Learners will need the following tools and equipment please do not purchase until you are sure the course will run: A learner course file is a very important part of any work and will enable the learner to build a bank of reference. The key in these classes is that the learners are being progressed to develop not only their subject-specific skills and knowledge, but also the learner process that best enable them to be able to be successful with their chosen line of study. Therefore notebooks/portfolios which record work and enable the learner to self-assess and reflect are essential

Will there be additional costs?

Some interfacing for learners' projects will be ordered and bought from the tutor.

What could I go on to do after this course?

Your tutor can talk to you about other subject related courses available.
