

Yoga - All Abilities 1

The ancient discipline of Yoga has been used successfully for several thousand years. It is a non-competitive form of exercise for the body and mind; you will be encouraged to find and stay within your own personal limits, progressing at your own pace. This course is intended for learners from all abilities, experience and age levels. Posture (asana) work, relaxation and breathing techniques (pranayama) are practised to keep you supple, strong, balanced and healthy. All ability Yoga classes are suitable for everybody, regardless of age, sex, or experience.

Those who are particularly stiff, have mobility or health issues may prefer to try a Gentle yoga class.

If you are pregnant, have heart problems or any serious medical condition or concerns, please check with your GP/nurse and discuss with your tutor, as classes are physically active.

What Will I Learn On This Course?

1. Demonstrate improved flexibility, posture, strength, and balance safely with at least 3 yoga postures.
2. Participate in at least 2 techniques that develop mindfulness and a relaxed inner awareness
3. Use breath awareness and breathing techniques

*Note that each learner will be set specific targets based on the above and their individual starting point.

There are only a limited amount of yoga postures and breathing techniques, so although you may have done many of them before, especially if you are a returning learner, there is no final or correct level. You can always keep repeating these, going further and deeper into them and holding for longer as you progress and when your body feels ready.
