

Pottery - Intensive throwing workshop 2

Join our one-off intensive throwing workshop, designed for all skill levels, from complete beginners to experienced potters, focused on enhancing your throwing techniques. Beginners will learn essential skills such as centering, opening, and pulling to create cylinder shapes, while advanced students will have the opportunity to explore their creativity by crafting more complex forms like vases. With a limited focus on trimming due to drying time, participants will be introduced to a "no turning" method to perfect their pieces directly on the wheel. All materials and tools are included, led by a professional tutor in a fully equipped studio.
