What will I learn on this course?

Learners will review essential skills in Word including how to use file management techniques, format text and images, use headers and footers, and apply spelling and grammar check tools before progressing onto more advanced skills. Learners will also learn how to:

1. Set correct line spacing and paragraphs.
2. Use headings, page margins and borders to produce presentable word documents.
3. Use the thesaurus tool.
4. Create and edit tables, use colour shading on borders.

Is this course suitable for me?

This course is suitable if you have some experience of the program. Learn how to create and format documents correctly.

A good standard of spoken and written English is required and it is essential to be able to follow and understand verbal and written instructions.

You may wish to bring your own fully-charged tablet or laptop after the first week, so you can practise on your own device. Note that most of the locations that we use do have wi-fi available but the quality cannot be guaranteed.

Is there anything I need to know about the course?

Improve your computing skills in an enjoyable, hands-on way within a relaxed and supportive environment. This course is designed to raise confidence and provide a foundation for further study.

Please bring a pen and notebook to make personal study notes. An A4 ring binder to keep handouts in will also be useful. Extra practice always helps - an hour or two each week will be beneficial. You can practise on the computers in the library at no cost.

What could I go on to do after this course?

If you complete this course successfully, you could enrol onto a free spreadsheet course – Microsoft Excel, or Entry level 3 Award in Essential Digital Skills for Work and Life qualification course. You could also enrol onto the Entry 3 Customer Service, Level 1 Business Administration course or a number of free online courses.
